

Caddy Stand App

Design: Gino Carollo

Parete divisoria composta da un telaio in metallo regolabile che si fissa a pavimento e soffitto e un sistema di cremagliere alle quali vengono agganciati i pannelli del sistema Caddy. Pannelli disponibili in tutte le modularità e finiture del sistema Caddy. Fianchi laterali in metallo con profili stondati o squadrati. La parete divisoria si può completare e personalizzare con gli accessori magnetici della collezione Ronda Design. Partition wall consisting of an adjustable metal frame to be fixed to the floor and ceiling and a rack system holding the standard Caddy panels. Panels available in every size and finish of the Caddy system. Metal side ends with rounded or square edges. The partition wall can be easily completed and customized by using the magnetic accessories from Ronda Design's collection.
